

# Alexandru Cosmin Stoica

**Address:** Edgware London

**Mobile:** 07770248354

**Email:** alexandros.stoica@yahoo.co.uk

## Personal Profile

---

Successfully completing **University of West London** and being awarded with **2.1** degree. I was working in property development where I gained years of experience in solving, anticipating, and overcoming problems in many different areas of my old industry and now I have been using my skills in my software development career.

I have recently completed a **Full stack Software development Bootcamp at Just IT Training** with the aiming to improve further and create a better understanding of the most common software development languages Such as (**HTML, CSS, JavaScript Python and My SQL**).

I am a versatile, analytical and hard-working person who always perseveres to achieve the best results. Learning quick, able to collect and analyse information, dealing with different kind of issues, excellent negotiation and problem-solving skills. Deadline-oriented with proficiency in diverse business environments.

I am looking for a role where I will be able to gain further experience in the field of software development.

I am very proud of the projects I have completed and can't wait to learn and improve more and more.

## Education

---

**02/2023-Present**

**Just IT Training Ltd, London**  
**Digital Skills Bootcamp: Software Development**

A twelve-week intensive bootcamp covering the fundamentals of Web and Software development

statements/queries. The backend code is done in C#

The web application itself including the user interface was constructed using following technologies:

- [ASP.NET](#) MVC (server-side HTML rendering)
- JavaScript (client-side functionality - browser client code)
- CSS - styling and lay outing.

**09/2000-06/2003****College of Petrosani Romania Topography 2.2 degree**

Map projections and coordinate system

Topographic map and their components

Terrain analysis and landform identification

Contouring and elevation data.

## IT SKILLS

---

**Software Development****Skills:**

Problem-solving skills, accuracy and attention to details, leading teams, self-teaching skills, mathematical aptitude.

**Web Technology:**

HTML 5, CSS, XML, PHP

**Core Programming****Languages:**

Python, Java, C#, C++, MySQL, JavaScript

## Projects

---

**02/2023 – Present**

Enrolled at an IT Bootcamp where I've managed to complete more projects like: Lyre Festival, Memory Game, FilmFlix Python App and Cars Breakdown company.  
using JavaScript, CSS, HTML 5, MySQL and Python, some of them posted on GitHub.

**01/2022 – 02/2023**

Creating my own game (Space-fight) with Pygame – Python and I've got Python certificate for beginners with Sololearn.

**04/2020 – 11/2022**

Creating an android App named "Alex Estate Agency" linked live with the database with Android Studio, using Java and XML

**10/2018 – 02/2020**

Worked with Wondershare Filmora9 in editing videos.  
Completed many projects.  
Creating Register and Login page using JFrame, connected to XAMPP.

## Employment History

---

**09/2019 – 12/2022**

**Subcontractor at MOD (Minister of Defence) and Splash Trades**

Working in property development solving, anticipating, and overcoming problems encountered in the industry.  
I created a detailed project plan with timelines, milestones, and deadlines, allocate resources efficiently, and communicate with team members regularly to ensure that everyone is on track.  
I was willing to take on new challenges and able to adapt to changing circumstances.  
Discussing project updates, potential issues, and solutions.  
Was prepared to negotiate and address any conflicts or issues that aroused during the project  
Ensuring that the project was completed on time, within budget, and to the desired quality standards.

**03/2018 – 07/2019**

**Contracts in property development**

I demonstrated similar skills as above needed for time management, organizational skills, flexibility and adaptability, and written and verbal communication skills.

**01/2014 – 11/2017**

**Subcontractor at Tienda LTD Design (Berkeley Homes)**

I was in charge of projects and gave an estimate of time, cost and desired quality standards.  
I was managing the quality of the work done, and the team as well as handling administrative tasks such as sending invoices, time sheets, and POR numbers.

## Computing Hobbies & Interests

---

I am coding projects as a hobby, such as creating websites, developing mobile apps, or designing video games.  
I was providing technical support, teaching new skills, or recommending new technology. I was helping family and friends stay safe online by providing advice on cybersecurity and privacy best practices.  
I also have further hobbies and interests. I like playing tennis, boxing and travelling.
